CATHARTIC PILLS

Overal E by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

You COSTIVENESS.— Take one or two pills, or such quantity as to gently more the bowels. Costiveness is frequently the aggravating cause of Pilles, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it rould be, as it can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the cause of

Costiceness, and always uncomfortable, take mild doses over into healthy action. They will do it, and the carthurn, bodyburn, and soulburn of dyspepsia will rapid-ve disappear. When it is gone, don't forget what cured

A FOUL STOMACH, or Morbid Inaction of the Bow r's, which produces general depression of the spirits and had health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength are

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, Pain in the S'omach, Back, or Side, take from four to eight ills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

FOR SCROPULA, ERYSIPELAS, and all diseases of the FOR SCROPLIA, ERYSIPELAS, and all diseases of the Skin, take the Pills freely and frequently, to keep the lewels open. The eruptions will generally soon begin to siminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases, which seemed to saturate the whole system, have completely yielded to their infrared. Leaving the sufferent in perfect health. their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the un-

In preventing stekness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICE, and all Bilious Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile, and render it unfit for dispection. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to surflow into the blood. This produces Jaundice. to everflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, er, alternately, costiveness and diarrhoa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and senertimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes bepsin in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels are to the touch; the whole system irritable, with a tensency to fever, which may turn to bilious fever, bilious colie, bilious diarrhem, dysentery, &c. A medium dose of three or four pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

Refermatism, Gour, and all Inflammatory Fevers are rapidly cured by the purifying effects of these Pills upon the o'lood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a DINNER PILL, this is both agreeable and useful. No pill can be made more pleasan to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.

Is to be used in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most tortuing aches, pairs, cramps, spasus, burns, scalis, &c., quicker then Morphine. Chloroform Veratrine, or any other anodyne or remedy that nas ever been used by medical man.

It is eafer than these dangerous remedles. The public will bear in mind that Chloroform, Morphine, Optum &c only stifle the pain by stupifying the senses, so that the perceptive faculties loose the power of feeling, and that after the influence of these narcrotics have passed from the system—the pain again breaks forth with its terribite pangs, with renewed inlende.

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it, it infuses new life into the week and diseased parts. It braces up the nerves, and establishes in the system a reaction of healts and strenght in place of pain weakness and disease.

As a counter irritan, Radway's Ready Rettel applied to the surface of the cody, where there is inflamation or congestion, it will instantly scatter the congested blood, evualizes the circulation, and in a few minues the most terribe forms, where an application of Radway's Ready Rettel forms where an application of Radway's Ready Retief forms, where an application of Radway's Ready Retief will restere the patient to case and comfort.
